

Power Church — Sanctuary Conversion

Request for Budget Proposal · Phase 1 (Main Sanctuary)

Former Amarillo Star theater
8275 W Amarillo Blvd, Amarillo, TX 79124

Owner / Contact: Power Church Building Committee · Pastor Manny De Los Santos

Existing building: ~83,422 sf former 14-screen multiplex (Assembly A-1 → A-3)

Drawings & 3D model:
angelfrn07.github.io/power-church-building

Project summary

Convert the four central auditoriums (houses 106, 107/IMAX-RPX area, 108, 109) into **one combined worship sanctuary of ~12,100 sf seating ~1,000–1,500**. The separation/screen walls between these houses are non-load-bearing and come out; **all steel columns (17 within the sanctuary), exterior walls, and the roof remain**. Work proceeds under the existing roof. This proposal covers Phase 1 only — the remaining ~50,000 sf (lobby/café, children's, classrooms, offices) is separate and may be phased.

Scope of work — please price each line

#	SCOPE ITEM	NOTES	PLANNING RANGE (REF)	YOUR BID
1	Selective demolition	Remove non-load-bearing demising & screen walls between the 4 houses. Protect & retain all columns, exterior walls, roof. Shoring, dust control, haul-off. (GC to verify takeoff.)	\$90K–\$250K	
2	Structural engineer & bracing allowance	Licensed SE review BEFORE demo; confirm no shear walls removed; add lateral bracing if required.	allowance	
3	Floor	Level or terrace the combined ~12,100 sf floor (the four sloped stadium floors) for church seating.	\$100K–\$500K	
4	Stage / platform	Raised platform + steps where the screen wall was; backdrop.	\$75K–\$200K	
5	HVAC	Re-zone existing RTU system to serve one large assembly space.	\$150K–\$400K	
6	Worship AV	Sound, stage & house lighting, projection / LED, control booth.	\$300K–\$900K	
7	Interior finishes	Flooring, acoustic treatment, ceilings, paint (~15,000 sf).	\$300K–\$700K	
8	Seating	~1,500 worship chairs.	\$120K–\$225K	
9	Electrical / life-safety / ADA	Power for new layout, fire alarm/sprinkler mods, exit signage, accessible path & restroom updates per occupancy.	\$150K–\$400K	
10	General conditions, OH&P, permits, contingency	GC G&C, overhead & profit, City of Amarillo permits, contingency.	% of above	
PHASE 1 SANCTUARY — ALL-IN (planning range)			~\$1.5M–\$3.5M	

Conditions: Planning-level scope for budgeting (Class 5, –30% / +50%) — not a design or engineered document. A licensed structural engineer must confirm the wall removals and columns before any demolition. Bidder to verify all field conditions and quantities. Existing architectural/structural drawings (original Amarillo Star construction set) and an editable 3D model (.glb) available on request. Occupancy change A-1 → A-3 to be permitted with the City of Amarillo.
